ORDINANCE 2001-14

AN ORDINANCE AMENDING TITLE 8, CHAPTER 1, ARTICLE C, STOPPING, STANDING AND PARKING.

BE IT ORDAINED AND ENACTED BY THE MAYOR AND COUNCIL MEMBERS OF THE CITY OF ISLE OF PALMS, SOUTH CAROLINA, IN CITY COUNCIL ASSEMBLED:

SECTION 1. That Title 8, Chapter 1, Article C, is repealed in its entirety and the following provisions are hereby adopted as Article C:

"ARTICLE C

Stopping, Standing, and Parking of Vehicles:

Sec. 8-1-31 Findings and Intent.

(a) The City finds that parking in the public rights-of-way and public parking lots should be regulated to promote traffic safety, enhance the smooth flow of traffic, and, in certain areas of high demand for parking spaces, fairly allocate parking spaces among the public by limiting parking time.

(b) Limiting and metering parking in business districts helps facilitate commerce by promoting frequent turnover for shopping rather than allowing long-term parking, and generates revenue from the use of the parking rights-of-way and public parking lots and by enforcement and maintenance of parking regulations.

(c) Effective enforcement of parking regulations is required to meet the objectives of this Ordinance, and to protect the health, safety, and welfare of both drivers and pedestrians using public rights-of-way and public parking lots.

Sec. 8-1-32 General Prohibitions.

No person shall stop, stand, or park a vehicle in any of the following public places or manners except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer, parking control officer, other authorized person, or traffic-control device:

(a) On a sidewalk;

(b) In front of the entrance to a public or private driveway or alleyway, or within twenty (20) feet of the driveway entrance to any fire station;

(c) Within an intersection or within twenty-five (25) feet of the center of an intersection;

(d) Within fifteen (15) feet of a fire hydrant or fire safety sprinkler, standpipe, or other fire protection system control valve, whether such valve is mounted on a building or on the ground;

(e) Along any street curb painted yellow;

(f) On a crosswalk or within twenty (20) feet of the center of any crosswalk;

(g) More than eighteen (18") inches from the street curb, or if there is no curb, more than eighteen (18") inches from the edge of the pavement;

(h) In the opposite direction of the movement of traffic;

(i) Along side or opposite any street excavation or obstruction when doing so would obstruct traffic or interfere with the excavation;

(j) On the roadway side of any vehicle stopped or parked at the edge or curb of a street, sometimes called "double parking";

(k) In front of a place of business for longer than two (2) hours between the hours of 9:00 a.m. and 5:00 p.m., except for Sundays and State and federally sanctioned holidays, unless a different regulation is provided by sign or meter;

(l) In any area of a public parking lot not marked as a single parking space;

(m) In any parking space where a parking meter is installed unless the proper coin or coins have been deposited so that the occupancy of the space does not exceed the time indicated on the meter;

(n) In any parking space designated and established for use by disabled persons unless the vehicle properly displays special designating plate or a placard issued and valid under State law;

(o) On the approaches to or upon any bridge;

(p) In a manner that blocks traffic or interferes with or blocks the passage of other vehicles;

(q) At any place where official signs prohibit stopping, standing, or parking; or in any manner that violates any official sign or curb marking regulating stopping, standing, or parking.

(r) Parking within four (4) feet of the pavement of Palm Boulevard except as otherwise posted;

(s) On a beach access as defined in Section 5-4-15 (C), or on a public right-of-way in such a manner as to obstruct pedestrian use or authorized emergency vehicular use of a beach access. Any vehicle parked in violation of this subsection may be moved from its location upon order of any police officer; or

(t) Park a truck or other vehicle having an overall length of more than twenty (20') feet at any point, including trailers, upon any street right-of-way for more than one hour or as long as is reasonably necessary to load or unload passengers or materials, except along the right-of-way of Forty-first Avenue where parking is allowed for patrons of the Isle of Palms Marina.

Sec. 8-1-33 Authority to Restrict Parking.

City Council shall from time to time adopt resolutions regulating the stopping, standing, or parking of vehicles in public lots or public rights-of-ways and shall cause proper signs to be posted on such public streets and parking lots accordingly. In adopting such regulations, City Council shall consider:

(a) The nature of the land use within the block;

(b) The volume of traffic;

(c) The volume of parking;

(d) The surface width of the street;

(e) The relationship between the need for parking space for the land use of the block and the need for parking space for the general public;

(f) Patrons and prospective patrons of places within the block or area to be served by the parking restrictions; and

(g) The hours of the day or night when use of the parking zone is necessary or most convenient.

Sec. 8-1-34 Bus Stops.

(a) No bus shall park or stand in any place other than temporarily at a bus stop, except that this provision shall not prevent the driver of a bus from temporarily stopping in accordance with other stopping or parking regulations at any place designated for the purpose of, and while actually engaged in, the loading or unloading of passengers.

(b) No person shall stop, stand, or park a vehicle other than a bus at a bus stop when such stop has been officially designated and appropriately signed.

Sec. 8-1-35 Passenger and Loading Zones.

(a) No person shall stop, stand, or park a vehicle for any purpose or period of time other than for the expeditious loading or unloading of passengers in any place marked as a passenger zone, by signage or a white painted curb, during the hours when the regulations applicable to such passenger zones are effective, and then only for a period not to exceed five (5) minutes.

(b) No person shall stop, stand or park a vehicle for any purpose or length of time other than for the expeditious unloading and delivery or pick-up and loading of materials in any place marked as a loading zone during the hours from 8:00 a.m. to 8:00 p.m. Use of a loading zone during such hours shall be limited to vehicles with commercial license plates from any state.

Sec. 8-1-36 Parking for Prohibited Purposes.

No person shall stop, stand, or park a vehicle upon any public right-of-way or lot for the purpose of:

(a) Displaying the vehicle for sale;

(b) Greasing or repairing the vehicle, except for repairs necessitated by an emergency;

(c) Storage;

(d) Selling merchandise from the vehicle, except when authorized by permit; or

(e) Advertising.

Sec. 8-1-37 Designation of Metered Parking Spaces.

City Council shall designate as metered parking such parking spaces as it deems proper along the public streets or parking lots. City Council shall consider the following in determining whether to install parking meters on a particular block or in a particular area:

(a) The amount of area presently under parking control signs;

(b) Adjacent property owner and property tenant demand and interest in having metered parking control;

(c) The need for turnover of parking spaces and public rights-of-way management;

(d) The mitigation of traffic and parking impact on adjacent areas; and

(e) The impact on parking meter enforcement.

Sec. 8-1-38 Installation and Maintenance of Parking Meters.

The Chief of Police shall cause to be placed, installed, and removed parking meters upon the curb side of parking spaces as designated by City Council. The upkeep and repair of parking meters shall be under the supervision of the Chief of Police. Revenues generated from the parking meters shall be collected under the direction of the Chief of Police and deposited with the city treasurer.

Sec. 8-1-39 Tampering with Meters.

It shall be unlawful for any person to:

(a) Deface, injure, tamper with, open, or willfully break, destroy, or impair the usefulness of any parking meter installed under this Ordinance; or

(b) Deposit in any parking meter any slug, device, metallic substance or any substitute for a coin of the United States.

Sec 8-1-40 Separate Offenses.

Each maximum period of time applying to the location in which a vehicle is parked in violation of this Ordinance, whether in a metered or un-metered zone, is a separate and distinct offense. If no period of time applies to the parking violation, then each two (2) hour period during which the violation continues shall constitute a separate and distinct offense. It shall be the duty of the police or other persons authorized by the Chief of Police to place a notice of violation on such vehicle for each separate offense.

Sec. 8-1-41 Vicarious Responsibility.

(a) Except as provided in subsection (b), the person in whose name a vehicle is registered or leased shall be absolutely responsible for any violation of this Ordinance. It shall be no defense that the vehicle was illegally parked by someone other than the registered owner unless it is shown that at the time of the violation the vehicle was stolen.

(b) An owner of a vehicle who is engaged in the business of renting or leasing vehicles under written rental or leasing agreements shall not be liable for parking fines and penalties imposed under this Ordinance on a rented or leased vehicle if within fifteen (15) days after receiving written notice of the parking violation, the lessor provides to the Chief of Police the true name, address and driver's license number of the person who was leasing the vehicle at the time of the issuance of the citation. A lessor who fails to comply shall be treated as any other owner for purposes of subsection (a).

Sec. 8-1-42 Notice of Parking Violations.

(a) A notice of violation of this Ordinance may be issued in the form of a citation by any police officer or other person authorized by the Chief of Police. A copy of the citation shall be issued by placing it on the windshield of an illegally parked vehicle in a prominent place thereon. In the event that the registered owner or operator of a vehicle drives the vehicle away from or in any manner leaves the site of the violation while the issuing officer is preparing the citation, this fact shall be noted on the citation and shall constitute prima facie evidence that the citation was issued and that an attempt was made to notify the owner of the vehicle of the violation in accordance with this section.

(b) The citation shall contain the following information:

(1) The date and time when the citation was issued;

(2) The nature of the parking violation observed;

(3) The state and license number and the make of the vehicle in violation of this Ordinance;

(4) The name of the person issuing the citation; and

(5) Information advising the owner of the vehicle that he or she must admit the violation and pay the penalty set forth in Section 8-1-44, or deny the violation and request a hearing in Municipal Court within ten (10) days from the date of the citation, and advising that failure to do so may result in impoundment or immobilization of the vehicle.

(c) The original citation must be filed with the Municipal Court and may be disposed of only by official action of the Court or by payment of a fine to the Court. It shall be unlawful for any person to alter or destroy any notice of violation issued under this Ordinance except in a manner consistent with this Ordinance and State law.

Sec. 8-1-43 Response to the Citation.

A person to whom a notice of violation has been issued under this Ordinance shall have fifteen (15) days from the date of the citation to respond to the Municipal Court as follows:

(a) Admit the violation by payment of the scheduled penalty as established in Section 8-1-44;

(b) Deny the violation and promise to appear in Municipal Court for an adjudicatory hearing on the date set by the Court.

Sec. 8-1-44 Penalties.

(a) If the owner of a vehicle in violation of this Ordinance admits the violation and pays the penalty or appears before the Municipal Court pursuant to Section 8-1-43 and is found guilty, the penalty shall be as follows:

(1) Parking in excess of the time allowed in any parking zone or parking space - $15.00.

(2) Parking in violation of the Section 8-1-32 (d) - $50.00.

(3) Parking in violation of any other parking regulation - $25.00.

(b) If a person violates any parking regulation and fails either to request a hearing before the Municipal Court or to pay the penalty as provided above within twenty (20) days of the date the notice is issued, the penalty for the violation shall double.

(c) If a person accumulates three (3) or more parking citations and fails to either appear before the Municipal Court or pay the proscribed penalty, the City, through its appropriate agencies, is authorized to administer the following penalties until such fines are collected:

(1) Install an immobilization device pursuant to Section 8-1-45;

(2) Impound the vehicle pursuant to Section 8-1-45;

(3) Refuse to issue a residential parking permit otherwise authorized; and

(4) Provide information to the Department of Motor Vehicles in the state in which the vehicle is registered that would prevent the re-registering of such vehicle under that state's law.

(d) Monies collected pursuant to this Section shall be forwarded to the City Treasurer who shall deposit the same to the credit of the City.

Sec. 8-1-45 Immobilization of Vehicles.

(a) A police officer or any other person designated by the Chief of Police may immobilize by the use of vehicle immobilization equipment any vehicle which is illegally parked, and for which there are three (3) or more outstanding, unpaid, and overdue parking tickets for a period of sixty (60) days.

(b) When attaching vehicle immobilization equipment to a vehicle, the officer shall affix notice to the windshield or other part of the vehicle so as to be ready visible. The notice shall:

(1) Warn that the vehicle has been immobilized and that any attempt to move the vehicle may result in damage to the vehicle;

(2) State the total amount of fines due for parking tickets which are overdue and unpaid that are attributable to such vehicle, in addition to an immobilization fine; and

(3) List the address and telephone number to be contacted to pay the charges to have the vehicle immobilization equipment removed.

(c) If the parking fines and the immobilization fine of $100.00 are not paid, or satisfactory arrangements in lieu of payment are not made, within the time proscribed by state statutes concerning abandoned vehicles, the vehicle may be towed and impounded pursuant to State Code Section 56-5-5810, as amended.

(d) Upon payment of all fines, overdue and unpaid parking tickets, and the immobilization fine, the vehicle immobilization equipment shall be removed and the vehicle shall be released to the registered owner or any other person legally entitled to claim possession of the vehicle. The fines may be paid in the form of a refundable bond pending the outcome of a hearing in Municipal Court.

(e) It shall be unlawful for anyone to remove vehicle immobilization equipment placed on a vehicle pursuant to this Section without all fines having first been paid, an approved payment having been made, or a bond posted. The City shall not be responsible for any damage to an immobilized illegally parked vehicle resulting from unauthorized attempts to free to move the vehicle.

Sec. 8-1-46 Handicapped Parking. Notwithstanding any other provision contained in this Article to the contrary, handicapped parking shall be governed by Title 56, Chapter 3, Article 18 of the South Carolina Code of Laws (1976), as amended.

Sec. 8-1-47 Golf Carts. Notwithstanding any other provision contained in this Article to the contrary, golf carts are allowed to park along public beach accesses within areas designated by the City for such parking.

Sections 8-1-48 through 8-1-50 reserved."

SECTION 2. That should any part of this Ordinance be held invalid by a court of competent jurisdiction, the remaining parts shall be severable therefrom and shall continue to be in full force and effect.

BE IT ORDAINED AND ENACTED BY THE MAYOR AND COUNCIL MEMBERS OF THE CITY OF ISLE OF PALMS, SOUTH CAROLINA, IN CITY COUNCIL ASSEMBLED:

SECTION 1. That Section 9-2-5 is hereby amended to read as follows:

"Sec.9-2-5 Noise

A. It shall be unlawful for any person to create, assist in creating, permit, continue, or permit the continuance of any unreasonably loud or disturbing noise in the municipality except as expressly allowed pursuant to subsections D. and E. hereof. The following are declared to be loud or disturbing noises in violation of this section, but such acts shall not be deemed to be exclusive:

(1) Except as required by law, no person shall blow or cause to be blown within the municipality any steam whistle, electric horn, or other signaling or warning device, except as alarm signals in case of fire or collision or other imminent danger.

(2) It shall be unlawful to keep, stable, harbor or maintain any animal or bird which disturbs the comfort or repose of any persons in the vicinity by making continually or frequently loud noise.

(3) It shall be unlawful to use, maintain or operate loudspeakers, sound trucks, amplifiers or other mechanical or electrical devices for increasing the volume of sound, upon the street, sidewalks, parks or other public places of the city, except as permitted under subparagraph D hereof.

(4) It shall be unlawful for any person to make any noise on a public street or in such proximity thereto as to be distinctly and loudly audible on such street by any kind of crying, calling, or shouting or by means of any whistle, rattle, bell, gong, clapper, horn, hammer, drum, musical instrument, or other device for the purpose of attracting attention or of inviting patronage of any persons to any business whatsoever. It is the express intention of this subparagraph to prohibit hawking, peddling, soliciting or using other loud noises to attract attention to a business and not to prohibit the spill-over noise emanating from a lawfully operating business.

(5) The playing of any radio, hi-fi, stereo system, phonograph, piccolo, television or any musical instrument in such manner or with such unreasonably loud volume as to disturb any person, or the playing of such instrument in such manner as to disturb the quiet, comfort or repose of any person in any dwelling or other residence.

(6) The use of any automobile, motorcycle or other vehicle in such a state of disrepair, or so loaded, or used or repaired in such a manner as to create loud or disturbing noises, particularly grating, grinding, rattling, riveting or other disturbing noises.

(7) To discharge into the open air the exhaust from any steam engine, stationary internal combustion engine, motor boat engine, motorcycle or motor vehicle except through a muffler or other device which will effectively prevent loud or explosive noises therefrom.

(8) The creation of any excessive noise on any street adjacent to any school, institution of learning, library, or court, while the same is in session, or adjacent to any church during church services, which interferes with the work or worship at any such place or institution

B. The following characteristics and conditions shall be considered in determining whether a noise is unreasonably loud, disturbing, or excessive for the purposes of Subsection A:

(1) Whether the nature of the noise is usual or unusual.

(2) Whether the origin of the noise is natural or unnatural.

(3) The proximity of the noise to sleeping facilities.

(4) The land use, nature, and zoning of the area from which the noise emanates and the area where it is received.

(5) The time of day or night when the noise occurs.

(6) The duration of the noise.

(7) Whether the noise is recurrent, intermittent, or constant.

(8) Whether the noise is produced by a commercial or noncommercial activity.

(9) Whether or not noise abatement measures are possible and whether to not they are used to reduce the noise level.

(10) The number of people and their activities that are affected by the noise.

(11) The nature of any communicative content of the noise shall not be considered for the purpose of this section.

C. It shall be unlawful for any person, entity or establishment to play, operate or cause to be played or operated, any radio, amplified musical instrument (including but not limited to brass or drum instruments), or other amplification device or apparatus making or reproducing musical

or other sounds after 10:00 p.m. and before 10:00 a.m. Sunday through Thursday and after 11:00 p.m. and before 10:00 a.m. Friday and Saturday in such a manner as to be plainly audible in any street or right-of-way.

D. Between the hours of 7:00 p.m. and 7:00 a.m., it shall be unlawful for any person to operate or use any pile drivers, steam shovels, pneumatic hammers, derricks, steam or electric hoists, or other apparatus, the use of which is attended with loud or disturbing noises.

E. Notwithstanding any other provision of this section, on application to, and approval by, the Chief of Police, written permits may be granted to broadcast programs of music, speeches, general entertainment, or announcements as a part of and incident to community celebrations of national, state, or city occasions, public festivals, or other public interest events, provided traffic on the streets is not obstructed by reason thereof. In determining whether or not to issue such a permit, the Chief of Police shall weigh the public interests in the event against the noise and disturbance anticipated to be created by the event and must consider the intensity and duration of the noise and the area that will likely be effected. The language or content emanating from the event shall not be considered.

F. None of the foregoing prohibitions shall apply to or be enforced against:

(1) any City vehicle engaged in City business;

(2) excavations or repairs of bridges, streets or highways, by or on behalf of the city, county or state during the night, when the public welfare and convenience renders it impossible to perform the work during the day; nor shall the same apply to work performed by public utility companies under like conditions and circumstances, or when there is urgent necessity therefore."

SECTION 2. That should any part of this Ordinance be held invalid by a court of competent jurisdiction, the remaining parts shall be severable therefrom and shall continue in full force and effect.

SECTION 3. That all Ordinances or parts of Ordinances conflicting with the provisions of this Ordinance are hereby repealed insofar as the same affect this Ordinance.

SECTION 4. That this ordinance shall take effect and be in full force immediately.

PASSED AND APPROVED BY THE CITY COUNCIL FOR THE CITY OF ISLE OF PALMS, SOUTH CAROLINA, ON THE 27 DAY OF March, 2001.
